It was with great sadness that we learned of the recent passing of Carla Peacock's great mare, Wanna Be Brassy. Carla is the person behind the All American Appaloosa Congress.

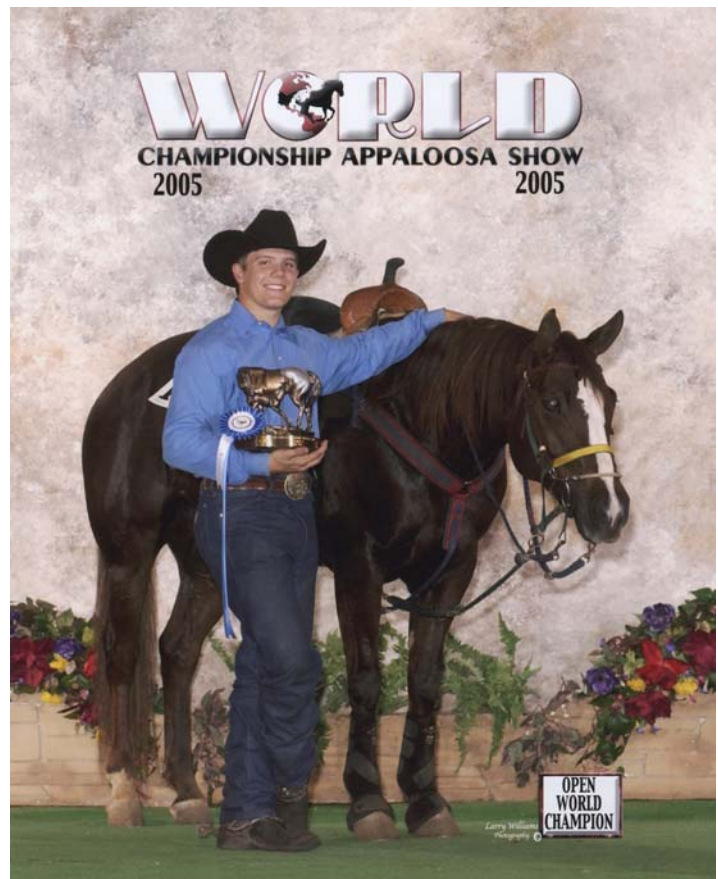

During the mare's 15 years, there were few things that Wanna Be Brassy was not asked to do, as evidenced by her points on record with the Appaloosa Horse Club in Moscow, ID.

Wanna Be Brassy, pictured as a weanling (above, left) and in one of her many trips to the photographer's booth for a win picture. (above, right) Many thanks to Carla Peacock for sharing these photographs with us. We know this mare leaves a big void to fill.

A message from Carla....

We have had many horses pass through our lives and each has enriched our living in their own unique way. None have touched our hearts like you did. You were truly part of our family. You were wicked smart with a huge heart, a desire to please and a wonderful personality. You were our girl. You never questioned what we asked you to do, just tried your best to do whatever we asked of you.

We always joked that you wanted to drive. You knew what you had to do the moment you walked into the arena. You enjoyed the challenge of new things and really seemed to enjoy the cattle events. Austin believed you could run the Rope Race without him; that he was just along to grab the rope! Four time World Champion! And now we have two beautiful babies to carry on your legacy. God must have plans for you. Even He cried when we made the decision to end your pain.

Your heritage traced back to Absarokee Sunset and Bright Eyes Brother, Doc O'Lena and Sugar Bars. You inherited your athletic ability and there wasn't much that you were not able to do. You earned 20 ROMs, 8 Superior Event awards, 2 Versatility Champion awards, an Open Supreme Champion and 7 Bronze Medallions. You made an impression on everyone that knew you.

We will miss the faces you made if the peppermints were not unwrapped quickly enough or when you were not the first horse fed. We will miss you throwing your halter on the floor to get our attention. We will miss the squeal when we slipped your halter off every time we turned you out in the field. We will miss the way you always stuck your nose out the trailer window. We still look for your face over the fence waiting for us to come visit you. Now you can graze all day in knee deep grass at the Rainbow Bridge. One day, we will be with you again.
